D'ziner Veneers by Durian Natural Veneers

A lot is said and written about how a product is made its technical features and useful functions which can satisfy the public's requirement. But what makes a product truly unique is the spark which gave it life. A detail, a story, a moment... And an Idea is born.

Durian has gained perfection in creating some of the most outstanding designer inlay works' in Veneer. In fact these designer finished products have an amazing look and feel that has to be felt to believe.

The designs are unique and each one is inspired by Nature, an Eternal source of Inspiration. The designers toyed around the idea of making a series of designs around a theme. The season, autumn was the essential inspiration behind these designs.

If you are looking out for something exquisite look no further. These designs are readily available on request. The D'ziner Veneer is suitable for both commercial and residential interior.

They can be used as wall papers, Door paneling and furniture. You can also make a masterpiece by combining designed and regular wood veneer to highlight a space. D'ziner Veneer opens a whole new world of woodworking to even the most experienced craftsperson. With an exotic veneer, simple projects can be turned into works of art. In fact, a highly figured veneer can often be the qualifying characteristic that makes one project stand well above the rest. Durian Natural Veneer's gives you a unique opportunity to work with some of the most beautiful and exotic woods in the world without having to dip into your retirement account.

There is a huge demand for these exotic Veneers because of the opulent rich look and feel it gives to furniture and the interiors of a home. Designing a home has become a lot easier; especially since the veneer bouquet that Durian offers as it has the maximum number of shades, colors', variety, and designs to choose from.

This is natural beauty at its very best, delighting us over and over again. We hope it delights you, too.
