

Durian Exotic Veneer Studio now at Adarsh Nagar, Jaipur

*Come experience the ethereal elegance of Veneer-
An amazing natural element crafted from wood bark,*

Jaipur, 2011: After the grand launch of India's first ever Readymade veneer studio in New Delhi, and successfully taking Durian natural veneer's to a new height in the building material industry we now invite you to our Exotic veneer studio in Jaipur with over 150 exotic species of Veneer; especially catering to professionals like interior designers, architects, furnishing consultants and contractors.

Keeping in mind the increasing popularity of Exotic Veneer on furniture and its usage in the interiors of homes, Durian has taken this pioneering step of setting up first- of- its- kind studios wherein Interior Designers, Architects, furnishing consultants and contractors can view the entire range of exotic veneers all under one roof. The Exotic Veneer Studio offers an endless variety of wood species and inexhaustible richness of colors, textures and patterns. The Veneer Studio has a wide range of exotic wood veneered panels sliced from the best know timber logs available.

Interior Designers & Architects will be spoilt for choice with the wide range that the Durian Exotic Studio has on offer. Neither will they need to go through the customary dropping of water on the veneer to see what the finish looks like. Since the Durian Exotic Veneer Studio with over 150 species are already available with the finished look. So choosing and selecting the colors and shades becomes a lot simpler.

Says **Sajjan Dokania, Director - Durian Industries Limited**, "There is a huge demand for these exotic Veneers because of the opulent rich look and feel it gives to furniture and the interiors of a home. Designing a home has become a lot easier; especially since the veneer bouquet that we have on offer has the maximum number of shades, colors, variety, and designs to choose from."

About Durian Exotic Veneer –
